HTX is the Science and Technology agency in Singapore that integrates a diverse range of scientific and engineering capabilities to innovate and deliver transformative and operationally ready solutions for homeland security.

A statutory board of the Ministry of Home Affairs, HTX works at the forefront of science and technology to empower Singapore's frontline of security. The mission is to save lives; solve crimes; enhance public safety and security; secure borders; safeguard data and systems; and seed innovation. In a nutshell, HTX's role is to amplify, augment and accelerate the Home Team's advantage and secure Singapore as the safest place on planet earth.

Singapore's Home Team Departments include Singapore Police Force, Singapore Civil Defence Force, Immigration and Checkpoints Authority, Singapore Prison Service, Central Narcotics Bureau, etc.

TechX Summit is the biennial conference organised by HTX (Home Team Science & Technology Agency) to bring together top minds from around the world to exchange ideas about science and technology that is focused on public safety and security.

The inaugural TechX Summit held in 2022 brought experts and thought leaders from around the world to share insights on leading science and technology trends that are transforming public safety and security. It was attended by more than 3,000 participants in-person as well as virtually.

For 2024, Milipol Asia-Pacific and TechX Summit have come together to organise a joint event. The conference segment will focus on the theme of "Artificial Intelligence and Homeland Security". The three-day conference will be attended by top Government officials, operational experts, industry leaders and academia.

The keynote speeches and panel discussions will discuss the evolution and future of artificial intelligence, and its application for homeland security. The topics will include:

- Strategic overview of AI and Homeland Security: Current States and Future Directions
- Leveraging Industry Expertise for AI Deployment
- The Ethics of AI: Balancing Security and Privacy
- The role of AI in homeland security operations, e.g.:
 - Securing Borders: Threats and Challenges
 - New Era of AI and Digital Technologies in Law Enforcement
 - AI for First Responder: Enhancing Real-Time Crisis Management
 - Fostering a Culture of Innovation
 - AI and Cybersecurity: Strengthening Resilience against Cyber Threats

The TXS conference provides an opportunity and a platform for participants to come together to explore the latest technologies, solutions and trends; generate discussions and exchange ideas; and foster collaborations to make the world a safer place for everyone.

“ We exhibit for the first time at Milipol Asia-Pacific. We are also expanding our reach to Asia market and we met many potential buyers. ”

BAHTIYAR TASYAGON
CEO, HATSAN, Turkiye

“ It was an overwhelming 3 days at TRD booth at Milipol Asia-Pacific. We have welcomed lots of delegations such as the Minister, Police Commissioners, Ambassadors, Chief Executives, end-users not only from own home market, Singapore and also many others from the region such as Malaysia, Thailand, Indonesia, Vietnam, Cambodia etc. ”

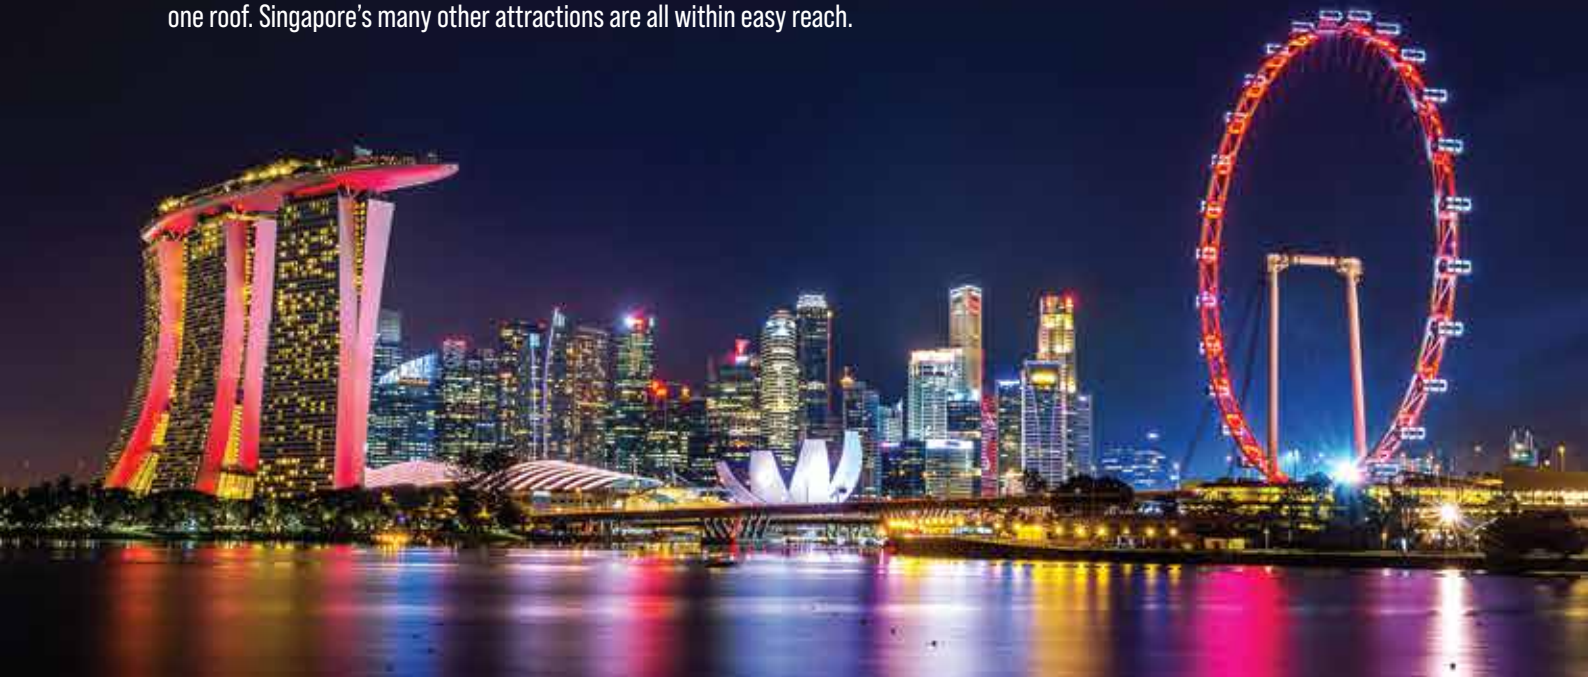

CHERIA WIDAYANTO,
Marketing Specialist
TRD Consultancy Pte Ltd, Singapore

ABOUT THE VENUE

Singapore's newest, largest and most flexible conference and meeting venue is located in the heart of the Central Business District, and is nothing short of spectacular. Sands Expo® and Convention Centre at Marina Bay Sands is an award-winning event venue and the perfect setting for high-profile MICE events such as regional and international conventions, trade shows and exhibitions.

Located at the heart of Singapore's Central Business District area, visitors and delegates can enjoy world-class entertainment, shopping, dining, arts and culture, and accommodation options under one roof. Singapore's many other attractions are all within easy reach.
